Hi Mike,

Hope you had a nice holiday season and are getting back into the swing of things. I just wanted to touch base because I know we have a pretty important meeting coming up at CFAC in a few weeks.

Not sure if you had a chance to see the agenda that Gunnar and I worked on together. If not, I've attached it here.

I assume the bulk of the meeting will be a discussion around the risk assessment work plans and the Phase II scope of work. If possible, it would be great to see the EPA/DEQ comments on the risk assessment plans in advance of the meeting. It will allow Roux and CFAC to be more prepared for a productive discussion.

Hope all is well.
